Sir:

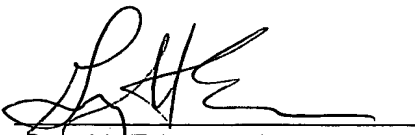

We gratefully acknowledge the "Notice of Allowance" mailed on 12 January 2006. Internally at Thomson Licensing Inc., as a measure of quality control and prior to paying the issue fee on an allowable case, we check all the corresponding related applications worldwide and make sure that any documents cited elsewhere in the world were properly cited in the USPTO with an IDS statement(s) during prosecution. Unfortunately, in this instance, the references cited in a European Search Report dated 20 February 2006 were subsequently received, and, therefore, we wish to file this RCE in order to report the references cited by that communication with an IDS statement. Applicants assert that none of the references currently or formerly cited, alone or in combination, disclose the claimed invention nor make it obvious. Therefore, applicants respectfully request consideration of the new references and allowance of the application.
